Last Modified on 18/12/2023 3:39 pm AEST

The instructions in this article relate to **Funds Management**. The icon may be located on your *StrataMax Desktop* or found using the *StrataMax Search*.

The Funds Management Report (Sec. 41 of the Property and Stock Agents Regulation 2022) is for NSW buildings only. For information on the report go to *Part 5 Records, Sec. 41* of the regulations.

The report shows expenses versus the budget and amounts owing by owners, e.g. Section 5 of the report is the amount disbursed to date and Section 7 of the report is the amount still payable compared to the budget.

The figures may be different due to the budget being entered as 'Gross' or 'Net' figures, the difference being GST. The report always is inclusive of GST. Please read all the conditions required in regards to producing the report.

The *Funds Management Report* can only be produced for a quarterly period that is within the current financial year or the old financial year. Therefore it is recommended that this report is produced monthly to cater for properties where a quarterly period will not fit within the financial year.

Creating a Funds Management Report for a Specific Period

The following instructions will create the *Funds Management Report* for a specific period. To set the report period, navigate to the **Funds Management Report** and enter the required *To* date. It is recommended that this report is produced *Monthly* as a *Quarterly* report can only be created for a period within the current financial year or the old financial year.

The report cannot be produced for a calendar quarter period where this is outside the boundary of the current financial year. For example where a building has a current financial year of 01/11/2019 to 31/10/2020, 01/07/19 to 30/09/19 would be a valid period. However 01/10/20 to 31/12/20 would be considered an invalid period as the start date is prior to the current financial year.

1. Search or select **Funds Management**.
2. On the Periods tab, click the date under 'This Report Period' and change the 'to' date.
3. In the *Recipients* tab, tag the recipients if required. If the field 'Send Status Report' in Office Bearers is set to *Y*, they will automatically be tagged as a recipient.
4. Tick *Print Cover Sheet* if required.
5. Tick *Send To DocMax / StrataMax* if required.
6. Click *Proceed*, then click *Close* to close.
