Last Modified on 29/07/2025 10:58 am AEST

Office Bearers

**Office Bearers** may be located on your [StrataMax Desktop](#) or found using the [StrataMax Search](#).

Each building has a number of owners that may hold positions on the committee. These are called "office bearers" and the information relating to their date of appointment and what position they hold needs to be entered into StrataMax. As office bearers are usually lot owners, their information can be added from the [Roll](#) directly into **Office Bearers**.

Any changes made in **Office Bearers** will trigger an automatic upload to our StrataMax server - this is to ensure that any updated details are reflected on the [Invoice Hub](#) and [StrataMax Portal](#).

StrataMax has restrictions on duplicate executive committee positions (Chairperson, Secretary and Treasurer), meaning two office bearers cannot hold the same position. This can be an issue when there is a committee member that remains on the committee after an AGM, but changes their position on the committee.

In this situation you will need to resign all committee members that are no longer on the committee, then allocate the positions accordingly. There may be a situation where committee members swap executive roles, in this instance change the position of one of them to "Committee Member" first before assigning the executive role for the other members.

## Office Bearers | Configuration

The configuration screen (**Office Bearers** > *File* > *Configure*) will allow user preferences to be set.

These settings are user specific and will need to be configured on each computer, allowing each user to chose their preferred view.

1. Search or select **Office Bearers**.
2. Click the *Configure* button (cog wheel in the top right).

### Show Resigned Officers

If set, this will display resigned office bearers. The effect is the same as ticking the *Show Resigned* box in the main window.

### Include Contact Info (User Setting)

Will include the contact details column in the *Office Bearers Report*.

### Include Resigned Officers (User Setting)

Tick to display these in the *Office Bearers Report*.

## Add an Office Bearer

This section covers the different methods of adding an office bearer to a building in StrataMax. It is important to note that when adding members to this area and if the **Roll** is in joint ownership, an individual contact can be added and linked via the *Owner of Lot* field. This area works from the same contact cards in the **Roll**, and changes made in the **Office Bearers** record will update the Roll.

## Select From Roll

This section steps through how a contact in the **Roll** can be selected. If you need to select a contact from the Roll, but the contact contains two people (such as a married couple) and only one of the individuals is an Office Bearer, then you must first split the contact from within in the **Roll** or using [Contact Management](#) OR use the [Select Contact](#) method below and add a single contact for the member.

'Select from Roll' should not be used if the Committee Member is not recorded on the roll as an individual contact. If selecting a contact card that contains multiple names and editing; this will also change the names of the contact associated to the lot in the Roll.

1. Search or select **Office Bearers**, then click the *Add Officer* button.
2. Click the *Select From Roll* button and the *Account Code List* window will appear with the list of owners. Select the required account.
3. From the list of contacts associated with the account, select the appropriate contact.
4. In the *Contact Details* screen, you can make any necessary changes before clicking the

Save button to close the *Contact Details* screen.

- If there is a co-owner, *split combined owners* first so the single contact record can be applied.
- Tick the *Surname first* box to display the surname at the beginning of the *Name* field.
- Click the button with the two blue arrows to swap the contents between the two fields.

5. Click the *Office* drop-down menu and select the position.
6. Change the *Appointed* date if necessary.
  - You can retrospectively add the *Resigned* date as well if you are adding historical data.
7. Click the *Nominated by Lot* ellipsis button to display the list of owners, then double-click the required owner or single click the required owner and click *OK*.
8. Click the *Creditor Code* ellipsis button to display the list of creditors, then double-click the required creditor or single click the required owner and click *OK*.
  - You can also click the *Master Chart* button in the top right, to select a creditor from the Master Chart.
  - You can click the green 'plus' (+) button in the top right to quickly add a new creditor as well.
  - The creditor is used to determine transactions that will appear on the *Committee Expenditure* report.
9. If necessary, type anything relevant into the *Comments*, *Registration Details & Payment Conditions* fields (limited to 30 characters each).
10. Click the *Status Reports* drop-down menu to select a preference for when the Status Report is sent:
  - *Use Report Default* will observe the settings configured in *Default Office Bearer Recipients* in the **Status Report** screen.
  - *Always Send Report* will always send the Status Report regardless of the settings configured in the cogwheel configuration in the **Status Report**.

- *Never Sent Report* will never send the status report regardless of the settings configured in the cogwheel configuration in the **Status Report**.
11. Click the OK button to close the *Office Bearer Details* screen.
  12. Click the *Save* button in the bottom right of the **Office Bearers** screen.

## Select Contact

Use this option to select a single contact to add to the Office Bearer area. This can be useful when the **Roll** contains more than one person, such as a married couple, and only one of the individuals is an **Office Bearer**. The other category of contacts that this area can be helpful for includes a non-owner such as a building manager or nominated contacts on behalf of a lot.

1. Search or select **Office Bearers**, then click the *Add Officer* button.
2. Click the *Select Contact* button and the *Contact Selection* window will appear with the existing contacts list.
3. Use the *Search* field to locate and double-click the required contact, or single-click the required contact and click *Select*.
4. In the *Contact Details* screen, you can make any necessary changes before clicking the *Save* button to close the *Contact Details* screen.
  - If there is a co-owner, it is essential to make changes to the *Given Names* and *Surname*, which will adjust the *Name* field.
  - Tick the *Surname first* box to display the surname at the beginning of the *Name* field.

- Once a contact has been added as an office bearer, the bottom of the contact card will indicate that they are an office bearer, and the building they are associated with.

## Edit an Office Bearer

To be able to edit the *Office Bearer Contact Details*, you will need the following 'Edit' permissions under the 'Roll' category in **Security Setup**.

Note that the 'Edit contact delivery preferences' is not currently enabled for **Office Bearers**.

These steps are for updating/editing an office bearer or their contact details.

1. Search or select **Office Bearers** and click the *Edit Details* button (pencil) to edit the Office Bearer record.
2. If you want to edit the contact details, click the *View Contact* (blue 'i') button to open the office bearer's *Contact Details* window. Then, click the Edit button in the *Contact Details* screen and make the necessary changes before clicking *Save*.
  - If entering an email address, it can be assigned to its specific purpose. For example, a particular email address can be used for Levies, Correspondence, or Invoice Hub. A separate email can be recorded for each type if needed. If all details should be sent to the one email address, this should not be changed.

## Resigning an Office Bearer

Office bearers cannot be deleted from StrataMax, but can be resigned and hidden from the office bearer selection list (remove the tick from the *Show Resigned* box). This ensures a clear history of those who have held office bearer positions.

Resigning an Office Bearer who is an Invoice Hub approver will disable the access to the Invoice Hub

and prevent them from seeing any history. It will also automatically retract all invoices on the hub if there are an insufficient number of approvers on the Invoice Hub. Where an Office Bearer is changing position and is an Invoice Hub approver, it is highly recommended that the existing Office Bearer record is edited and the position changed rather than resigning them and adding them again.

If a *Change of Ownership* is performed in the *Roll*, a prompt will query if the office bearer should be resigned. Answering 'Yes' will insert the date into the *Office Bearers* record in the *Resigned* field. Answering 'No' will not update the *Office Bearers* record.

1. Search or select **Office Bearers** and click the *Edit Details* button (pencil) next to the required office bearer.

## AGM Appointments

If some or all of the committee members do not change after an AGM you can simply update all members with the new date of appointment. Within [Building Information](#), the *Last Annual General Meeting* field will allow for the date to pre-populate in this area, or it can be manually completed.

1. Search or select **Office Bearers**, then click the *Appointments* button.
2. If it's not populated already, enter the *Last AGM Date* (can be type or selected from the drop-down

calendar) and click *OK*.

3. In the **Office Bearers** screen, click the *Save* button, to save the *Appointed* date.
