## StrataMax Portal v1.1.0 Released 12th January 2026

### Branding | Customisation Options

- This release introduces a new **Branding** Details feature for the StrataMax Portal, allowing offices to define custom branding per BCMax drive. By default, the StrataMax logo and color scheme will apply, but users can now:
  - Upload a *logo image* and *page background image* (watermark).
  - Set a *Base Colour*, which defaults key elements such as Page Title Bar, Header, Menu, and Logo Background.
  - Customise colors for Page Title Bar, Header, Menu, and Logo Background using Hex or RGB codes or a color picker.
  - Enable a *Custom Page Title bar* and optionally hide the separator under it.

### Managing Branding

- Users can add, edit, or delete branding via the Customise / Branding menu in the StrataMax Portal. Steps include selecting the office, uploading images, adjusting colors, and saving changes. If branding fields are cleared, default StrataMax branding will apply.
